Tides Restaurant Recommended in the *Where to Eat in Canada* guide. Our bright and cheery, 110-seat restaurant overlooks Alma's Fisherman's Wharf and the beautiful Bay of Fundy. Our specialty, of course, is seafood...fresh Atlantic salmon, local scallops and lobster...but our menu includes something to tempt every taste, specially prepared by Chef Marc Casey.

Wharfside Patio & Take-Out

Enjoy the scenery, sun and salt air at our licensed Wharfside Patio, your choice for informal meals, quick snacks or an icy cold beverage. Our take-out menu includes fish and chips, chicken, fried clams and more.
